There are more new accounts opened with sports-books at the start of the NFL season than at any other time of the year.

NFL Betting The Point Spread

Here is an example of a totals bet in action: Over 49.

Here if you were to back either over or under you'd win \$100 for your \$110 wager.

Money Line Betting on the NFL

5 in their upcoming game with a teaser you'll be able to change that line in your favor.

A popular teaser amount is six points, so you'll be able to back the Vikings at -2.

Teaser bets can be placed in parlays of two or more selections and the odds you

will receive will be listed on the sports-book. Betting NFL Futures

The oddsmakers have deemed that Kansas City is more likely to win the match, so they

have made them the point spread favorite in this matchup.

Do you want to lay the points by betting with the favorite or do you want to take

the points by betting with the underdog?

This is called the vig (short for vigorish) or the juice.
